

“Tillo Teppe” is a place where we present handicrafts produced by the members of Yak House association (East Pamir – Murgab) and other artisans and handicraft association of Tajikistan. In our days the shop “Tillo Teppe” serves as a place for Tajik artisans to display and sell their products; promotes and supports Tajik artisans to improve their incomes by selling their crafts.

In “Tillo Teppe” you can find and buy items that are one-of-the-kind, made of natural materials, weaved, embroidered, knitted carpets, handbags, and many more.

There are also publications that will give you more information about Tajikistan such as:

- maps “The Pamirs”, “Yagnob and Fan mountains”, “Dushanbe-road map”;
- books and guides “Tajikistan and The High Pamirs”(R. Middleton and Huw Thomas), “The Pamirs-History, Archaeology and Culture”(R.Middleton), Social and Economic Change in the Pamirs (Gorno – Badakhshan – Tajikistan, Frank Bliss);
- postcards and CDs of tajik composer Tolibkhon Shakhidi and group “Samo”.
